Offshore Energy Exhibition & Conference

Offshore Energy Exhibition & Conference is Europe's (OEEC) leading, high-quality event for the entire offshore energy industry, where companies and professionals connect, learn about the latest developments and innovations and do business. Our cross-market focus in relation to the energy transition and sustainable solutions is what makes OEEC stand out from other exhibitions.

The exhibition floor is home for major players from offshore wind, marine energy, oil & gas and the maritime industry. There is a special focus on the emerging market offshore hydrogen. The presence of international partners, governmental delegations and industry experts provide learning blocks, networking events and roundtables, attracting decision makers from different countries and key markets.

The conference, with this year's theme "Changing Currents" brings together though leaders and industry experts who provide insights about the latest trends, business opportunities and challenges in a world that is changing fast.

Finally, the event bursts with great energy. The numerous networking moments on the exhibition floor allow visitors and exhibitors to catch-up and build connections that last for years.

Let's change the currents together!

Content program 'Changing Currents'

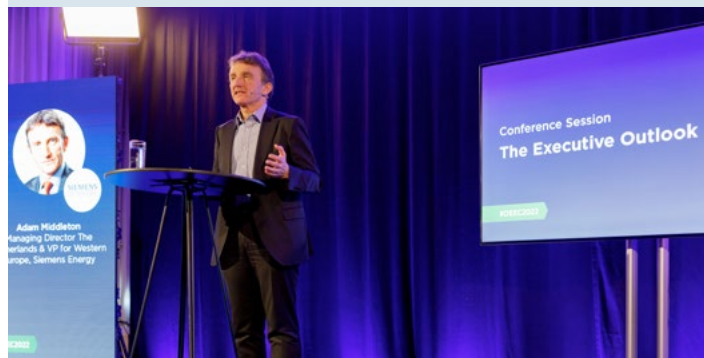

Navigating uncertainty and opportunities in the offshore energy industry

With panel discussions, presentations, interviews and stage talks, OEEC's comprehensive conference program delves into each market and its supply chain, bringing different sector developments into the limelight. Concerns related to climate change and energy security has brought the industry together for cross-market discussions. The conference program is an opportunity to stay ahead of the curve in the offshore energy industry.

Conference sessions

The varied program covers in detail trends from different sectors of the offshore energy sector. Experts and industry leaders from the different markets discuss the opportunities and challenges of the energy transition in these turbulent times, present latest innovations and developments from the sector and share strategies to remain future-proof. The sessions are recorded and made available on our online platforms.

The Stage

At the open stage on the exhibition floor, different aspects of the offshore energy sector are placed in the spotlight. Companies, experts and students share market insights, product solutions and fresh perspectives. The content recorded on The Stage is available for sharing online and on social media for promotional purposes.

Matchmaking

Exhibitors get the option to host their own free roundtable and invite people. The roundtables and 1-on-1 meetings allows participants to schedule meetings in advance, ensuring that they have the chance to meet with the most relevant people during the event. This can help attendees build stronger connections and network more effectively.

12m ²	€ 6,305	4 passes
16m ²	€ 7,765	5 passes
18m ²	€ 8,690	5 passes

Size	Price	Exhibitor badges
21m ²	€ 9,800	6 passes
24m ²	€ 10,815	6 passes
28m ²	€ 12,480	6 passes
32m ²	€ 14,065	8 passes

Space only

You are free to design your own stand. OEEC has large space-only areas available on premium positions.

- ✓ Build your own stand
- ✓ Starting at € 368.- per m²
- ✓ Starting at 24m²
- ✓ Exhibitor passes (amount depending on stand size)

Space only does not include the full-service participation package.

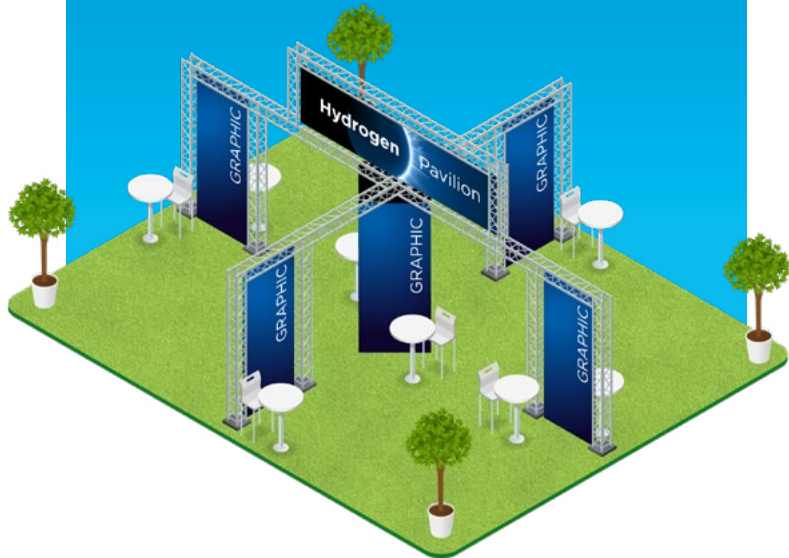

Hydrogen Area

Are you active in hydrogen and looking for opportunities and collaborations within the offshore energy sector? Join the Hydrogen Area at Offshore Energy Exhibition & Conference! To be able to participate in the Hydrogen Area, your company must have a connection to the hydrogen field.

Hydrogen Area participation € 4,600

- ✓ Display at Hydrogen Area including a graphic panel 100x250 cm, 2 bar tables and 3 bar chairs
- ✓ Participation in the Hydrogen session on The Stage during OEEC. Recording distributed on Offshore-Energy.biz
- ✓ Company details listed in exhibitors list
- ✓ Exposure in pre/during/after communication materials about the Hydrogen Area
- ✓ Event access for two persons
- ✓ Two parking tickets

Co-exhibitor

Co-exhibiting includes a listing as official exhibitor, an entry in the event magazine, on the exhibitor list, on the floor plan and includes the company name printed on the fascia board when exhibiting with a full-service stand.

- ✓ Maximum of two companies per 12m²
- ✓ € 610 per co-exhibiting company

Outdoor area

Tools, machinery and constructions can be oversized in the offshore industry. Exhibitors interested in showcasing sizable hardware too big or too heavy for inside demonstration will have the possibility to display their products and services at Offshore Energy's outdoor exhibition area.

- ✓ Showcase your products close to the entrance
- ✓ € 575 fixed costs plus € 192 per m²

Start up Zone

Showcase your invention, new product, process, or services to a diverse audience of offshore energy professionals and investors. Offshore Energy offers attractive start up prices to entrepreneurs who are working on their business, to stimulate innovation within the industry. Make powerful connections with manufacturers, commercial agents, promoters, financiers, users and entrepreneurs across the world.

Start up zone participation € 1,150

- ✓ Display with lighting and 2 seats and a table
- ✓ Banner 85cm wide x 205cm high
- ✓ Logo on back wall
- ✓ Power supply (up to 500 Watt)
- ✓ Listing as an official exhibitor on the floor plan, in the event guide and on www.offshore-energy.biz
- ✓ Access to the event & Start up Zone lounge for 2 persons
- ✓ 2 parking exit tickets

To qualify for this package, you need to be a start-up within the offshore energy sector with year of foundation after 2019.
